

Booking Policy

1. Preference is given to those that booked the previous year – excluding family groups. Our registrar will have to contact each group that meets this criterion and let them know that they have from November 1 to November 30 to book for the coming year. If we do not hear back from an organization, we make their time available for the next month's group(s).
2. After November 30th we open the booking up and give preference to Christian based organizations and self help groups. These groups will have from December 1 to December 31 to make their booking.
3. In the New Year, a booking can be made by Christian based groups / families. Should we encounter a non-Christian group / family we would require board approval.

General Guidelines for Booking

Preference should always be given to Christian based originations. A booking is not official until the proper forms are returned to our registrar. If a group is having trouble getting us the correct paperwork but has made reasonable efforts to keep us up to date with their progress, we shall work with them to maintain their booking. Any booking may only be made for the current year (no multi-year bookings).
